Whether it is a band concert or the Homecoming pep rally, students and members of the community help to celebrate the events of St. Clair High. Some participate while others watch, which gives everyone a perspective of the event from the inside and the outside. This broad perspective allows everyone to see SCHS from every angle, deepening our pride and school spirit as students strive to mature into adults who participate in life and in their community.

The students involved in the various academics and organizations at St. Clair High School join together everyday to make our school the best place it can be. Each student's perspective plays an equally important role in uniting the student body, so get involved! Let your voice be heard. Find your own angle. Whether you are an honor roll student, a member of the marching band, a dedicated artist or the Student Council president, you can get involved and share your own unique perspective. Step outside of the box, join a new club, take a different class and experience life from a new angle.

Not only do the athletics, groups and organizations at St. Clair High School help to make it a great place to be, but the people help as well. From helping one another, to chatting in the hallways, to working in groups in class, students and teachers come together in a way that makes everyone want to be a part of the buzzing atmosphere that they have helped to create. Although each person works independently in their classes and activities, they still come together to share ideas and thoughts as they combine their perspectives and weave together a common angle for the school.

At St. Clair High School athletics are viewed from a variety of angles. Some students view sports from the field, some from the court and some from the stands. Staff members, family and friends also gather to cheer on our athletes. Whether it is the athlete's perspective or that of a coach or dedicated fan, the playing field is always the same. Drew-Boy,

Where has the time gone? It seems like yesterday the day you were born, you were such a special baby. Alex loved to entertain and make you laugh. You didn't care much about learning to walk, then on your first birthday you walked across the room. You didn't want to color, then at 3 1/2 you picked up a pencil and wrote the entire alphabet. All along your teachers commented about your advanced sense of humor, "He's so funny, I teach math, it's hard to be funny in math." Even when you were little you were funny. We tried playing airplane to get you to eat, the fork zoomed around, just before it got to your mouth, you put your hand up, "Sorry, that flight's been canceled." We are still laughing! You are honest, kind, a talented writer and actor and committed to all you do. You are a wonderful brother to Alex & Alicia; you are my hero!

Dear Corey:

We want you to know how much we love and support you as you move from high school to the "grown up" life. There is so much to see and do. We were so blessed to have you to complete this big, fun family. All the kids adored you as a baby and have enjoyed watching you grow into a young man. We hope you find happiness in whatever direction you decide to take with your life.

God bless you always,
Mom, Dad, Chris, Jeff, Lynn, Carrie,
Adam and Gretchen

Anthony Thomas

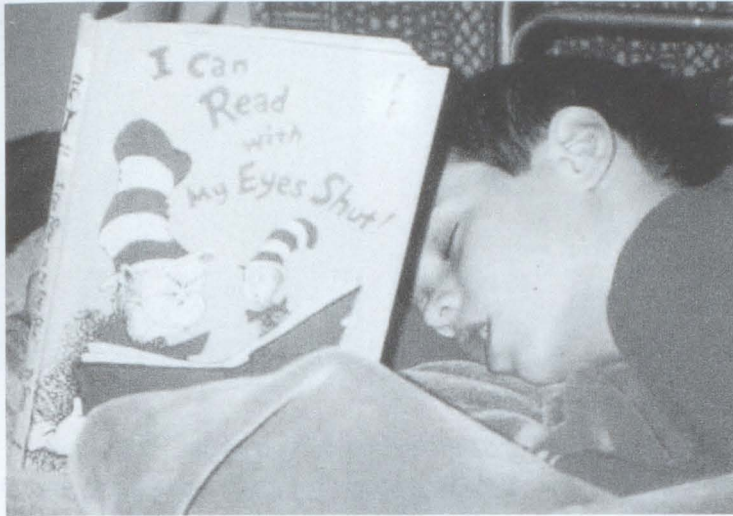

Anthony,

I hope you know how proud I am of you. From the moment you were given to me by God it has been one struggle after another for us. One thing you need to know and keep close in your heart is that through all of the ups and downs, you my son, have been my strength. Even at the most trying moments of our lives you kept pushing me to go on. Now you are about to take one of the biggest steps in your life... the step that will take you from childhood to adulthood. Just remember all that we have gone through and how far we have come and always remember the one thing I have told you when everything negative seemed to be crashing down on us: **YOU CAN DO ANYTHING YOU SET YOUR HEART ON!!!** You have the biggest heart in the world and you light up a room with that smile of yours. Focus on the positive, Anthony, and the world is yours to conquer. Forget the ones who have disappeared from our lives and cherish those people who have come into it and have shown us enormous love and support. Above all, don't ever forget that wherever you are and whatever you do, I am always there. I LOVE YOU ANTHONY so much more than I could ever tell you.

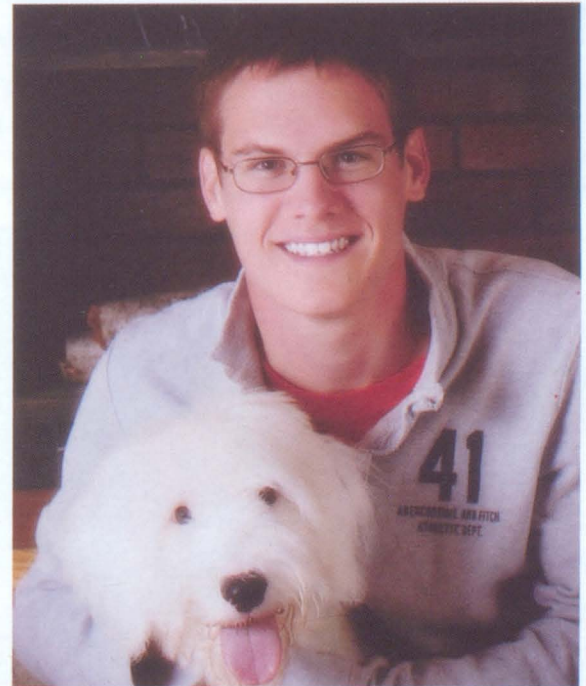

Love, Mom

Ryan VanTreese

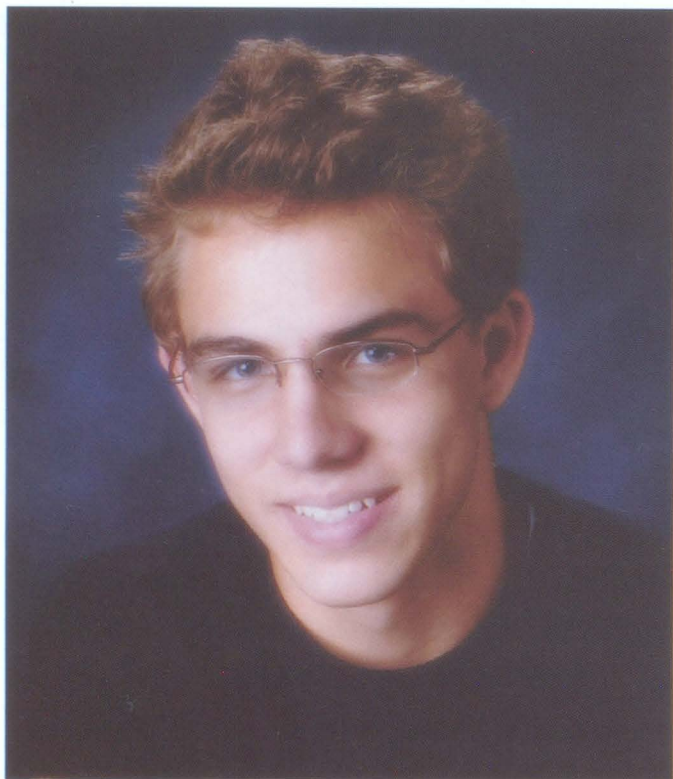

One day as you're brushing the hair out of your little boy's eyes he looks up and gives you a smile that lights him up from the inside out, and you think to yourself... "It doesn't get any better than this." But it does... because he grows up and becomes a good man and a good friend... and his smile still lights up your world. Somewhere between the old memories and new hopes lies a special moment... a moment for being glad that you are you and that there is no one else quite like your son. Dream big and go for it, but remember... "Do unto others as you would have them do unto you." We will always be there for you!

With love from our hearts,
Mom, Dad and Katie

Brett Pacek

Congratulations Brett!

We are very proud of you and love you very much.

Leah Stirling

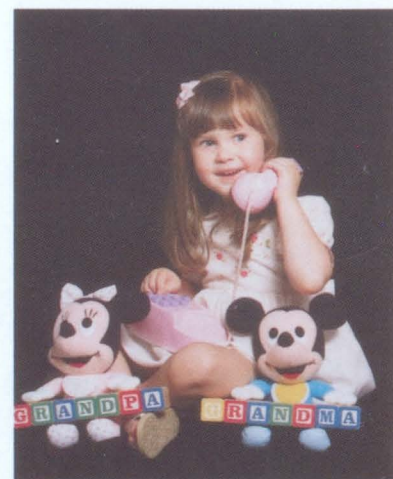

Leah Genevieve,

We've watched you grow from being "our little princess" to a creative writer to a challenging competitor and now you have become all of these and much more. Ever since you were a little girl you have taught, inspired and showed us that you can do anything you set your mind to. You have succeeded in accomplishing every challenge that you have faced and have been blessed with much intelligence and talent (being an honor roll student since day one). You have grown into a beautiful, courageous young woman and we know that you will continue to set high goals for yourself and achieve every one of them. We are all so proud of the person you have become and we love you forever and always!

Congratulations ELo!

Love,

Mom, Dad, Erin, Taylor and Luke

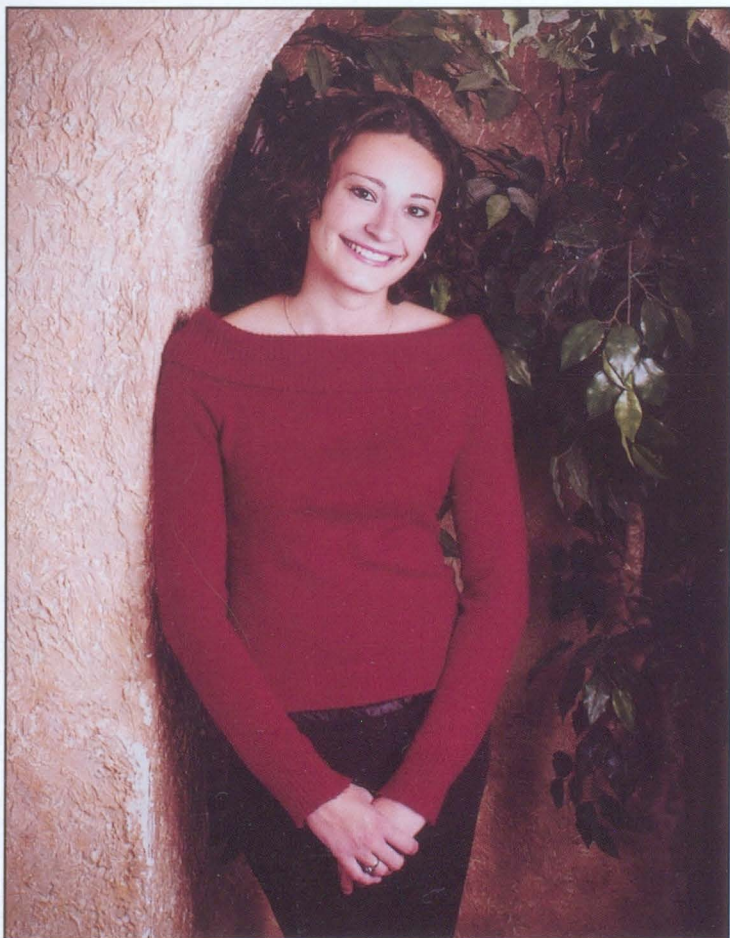

Justine Farina

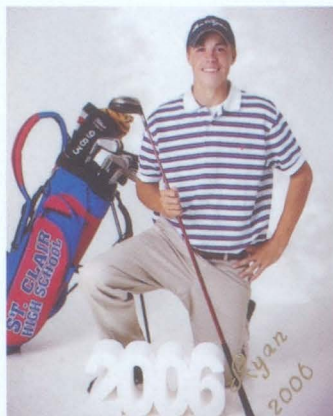

Congratulations Justine! From the day you were born we knew that we had a very special person enter our lives. As the first of three daughters, we want to thank you for setting the "perfect example." The journey has been long and far, from Massachusetts to Michigan, from 3rd grade at Gearing Elementary to the completion of your senior year at the high school. During your journey you have always set your goals high and to your credit you have never wavered. Soon you will enter Michigan Technological University as a high school valedictorian and you will pursue an education in engineering and business. How cool is that?

We already know that the world is waiting to embrace a beautiful, young professional woman like you, who truly understands the meaning of family, friendship, faith, fun, loyalty and trust. Your family and friends cannot wait to see how you will use all these wonderful characteristics to make a positive difference in your space of the world. Part of this chapter in our life makes us sad but only because we know that our little girl has grown up so fast!

Love,
Mom, Dad, Emily and Leah

Ryan Cyplik

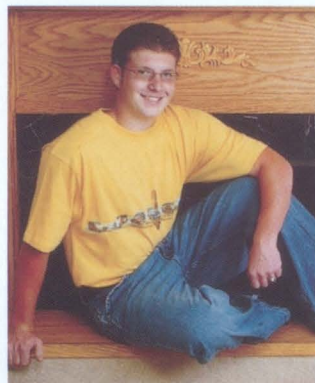

WE ARE SO PROUD OF WHO YOU ARE, WHAT YOU STAND FOR AND ALL THAT YOU HAVE ACHIEVED. BE TRUE TO YOURSELF, HAVE FAITH, VOLUNTEER, LOVE, LAUGH AND ALWAYS REMEMBER YOUR FAMILY LOVES YOU UNCONDITIONALLY. GOD HAS TRULY BLESSED US!

WE LOVE YOU,
DAD, MOM, BRAD AND ERIN

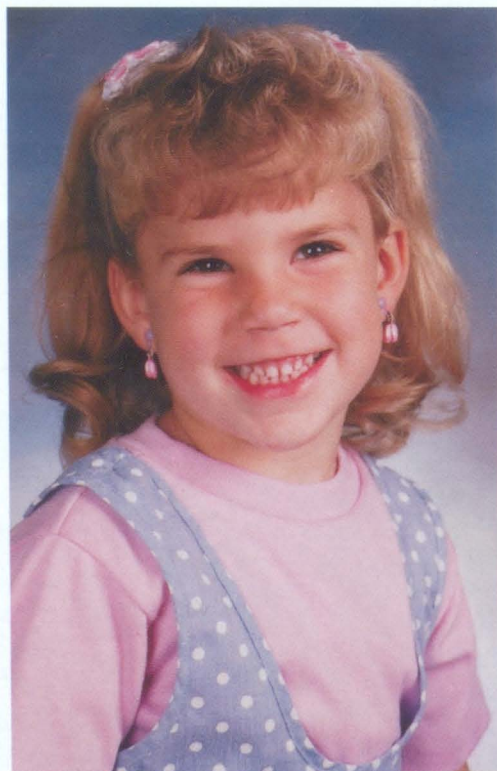

Ricky Hahn

Ricky,
Congratulations! We are very proud of you and all that you have accomplished. You can go a long way when you set your mind to it.

Love you always,
Mom, Dad and Karleigh

Emily Cook

Emily,
When you were just a little girl you were always "playing" school and as you have grown up you have always loved little children. So, it makes perfect sense that you will pursue your dream of becoming an elementary teacher. We know that you will be the BEST that you can be. You have faced some of life's most difficult challenges with courage, dignity and pride and have always come out on top. You make us so proud to have you for a daughter and sister! We love you and remember the sky is the limit!!

Love,
Mom, Rachel and Jeremy

“Let your light shine. Shine within you so that it can shine on someone else. Let your light shine.” - Oprah Winfrey

Danielle, your light shines from within and brightens the life of everyone you touch. Your light has taught us so many things~

How to be loyal to family and friends.

How to offer acceptance to those others shun.

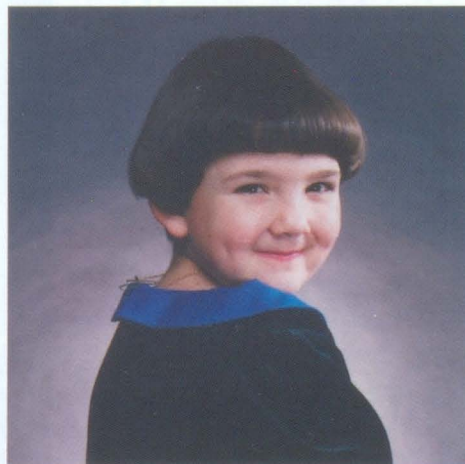

How to keep promises.

How to make the right decisions.

But most of all your light has taught us that each day is precious and we need to let its light shine. We know you will continue to bring light and joy to those who are lucky enough to have you in their life; we treasure the memories of your childhood and anticipate the promise of tomorrow.

We love you!

Mom, Dad and Ryan

>> Theme

The theme 'From Every Angle' was decided on at the annual Yearbook picnic that takes place every summer before school starts. It's sub-title, 'It's a Matter of Perspective,' was a suggestion from our adviser and was added in early September. To tie in with our theme, we wanted to capture our school from every angle by getting every student in a candid photo in the book. This goal was accomplished, with pictures being taken up until the last day of school. The small picture boxes at the top of several pages were also incorporated to help achieve our goal while exemplifying different people and the perspectives that each student brought to our school. The 2006 St. Clair High School yearbook strived to portray SCHS as never before by piecing together each student's individuality to create a single angle that excludes no one.

> Finding the Right Angle

>> Editor's Note

This year, the yearbook staff began the school year with an interesting mix of talent, excitement and experience. Early on, it was clear that each staff member had her own ideas for the book, and trying to intertwine each girl's perspective into one angle seemed like an overwhelming task. However, as we transformed the foundations of the book, each idea joined to create a fresh new portrayal of St. Clair High School. I would like to thank each staff member for her constant hard work and dedication. Without the staff, this yearbook would not have been able to provide a realistic perspective of SCHS. Although creating this yearbook was a challenge, it was a successful struggle that will hopefully allow students to recall their high school experience for years to come.

A large collage of student portraits surrounds the central text. The portraits are arranged in a grid-like fashion, with some students appearing in multiple small frames. The students are of various ages and ethnicities, all smiling or looking towards the camera. The background of the entire page is dark, making the white text and the colorful portraits stand out.

From Every Angle

It's a Matter of Perspective

All students at St. Clair High School bring their individual perspectives to school each day, hoping to find others who share their same interests and angles on life. These many perspectives come together over time and meet to form the SCHS perspective. Each personality, laugh, smile or trait joins as one common angle, an angle that fits not only each individual student but the entire school.
